| WHO WE ARE

We are the leading firm specializing in document authentication, forgery detection and the fight against document fraud in Cameroon and in Central Africa.

CENTURION is also the legal representative of **PROJECTINA**, the largest Swiss company specializing in the manufacture of forensic equipment (document examination, crime scene equipment, ballistics) in Cameroon and in Central Africa.

Our expertise enables us to carry out digital investigations and analyze material elements in order to provide conclusive evidence before the courts.

We work closely with judicial police officers, public and private legal entities, lawyers and private individuals.

NB : We have extensive, reliable expertise in all aspects of document fraud: forgery, counterfeiting, fraudulent use of documents, alteration, modification of signatures, dates, certificates or deeds.

FORENSIC DOCUMENT EXAMINATION

Forensic document examination involves specialized analysis of documents to detect fraudulent documents and identify the processes used by counterfeiters.

The document expert is a specialist in the authentication and identification of false documents. He uses scientific methods to determine the authenticity of documents to be analyzed in order to fight against document fraud and swindling.

Various forensic techniques can be used to carry out in-depth optical, physical and chemical analysis of inks, substrate and all other elements present on suspect documents.

FORGERY AND UTTERING

Our experts fight against document on a daily basis and offer their services to courts, institutions, firms, individuals, lawyers, notaries, insurance companies, mutual insurers and banks.

When it is necessary to authenticate a document, or to prove that it has been altered, falsified or even counterfeited, we offer you scientific, non-destructive analyses, guaranteeing the integrity of the document and a meticulous investigation.

Having a doubtful or suspect document appraised involves a number of tasks for the expert :

- ANALYSIS
- VERIFICATION
- INVESTIGATION
- AUTHENTICATION
- RECONSTRUCTION IN THE SPIRIT OF THE DOCUMENT
- ETC

BIOMETRIC SIGNATURE

Biometric signature refers to a graphic gesture on a computer medium. It is a representation in which a person places his or her digital signature on a medium or document.

Throughout the world, digital signature are increasingly used for:

- FINANCIAL TRANSACTIONS
- AGREEMENTS
- FRAUD PREVENTION
- INDIVIDUALS
- ETC...

Our expertise enables us to provide tangible evidences before the courts

ID DOCUMENT

CENTURION's expertise in ID documents is crucial for a number of reasons, particularly in the field of the fight against fraud, transactions, administrative procedures and court cases.

In your administrative or legal procedures, or in your transactions, an expert opinion can confirm whether the identity document is genuine or falsified. This is essential to prevent the use of fraudulent documents, particularly in financial transactions and other contexts where identity must be established. Thanks to our expertise, we can provide proof of genuine scams involving the use of false identities or the creation of false documents. This is particularly important for banking services, insurance, online transactions, etc...

- NATIONAL IDENTITY CARD
- PASSPORT
- BIRTH CERTIFICATE
- DRIVER'S LICENCE
- OFFICIAL DOCUMENTS ISSUED BY GOVERNMENT AUTHORITIES
- ETC...

DIGITAL INVESTIGATION

Investigation carried out on information systems following an attack, theft, spying, digital fraud etc. enables evidence to be gathered in order to justify legal actions, and for judges to understand what really happened in the expert report produced by our experts in order to reach a legal decision.

- WEBSITES VISITED
- ANALYSIS OF CALLS AND MESSAGES
- ANALYSIS OF INTERNET SCAMMING BEHAVIOUR
- FAKE PROFILE IDENTITIES ON SOCIAL NETWORKS
- THEFT
- SPYING
- DIGITAL SCAMMING
- EXPERTISE IN SPEECH RECOGNITION...

TESTAMENT

In matters of inheritance, when a will is drawn up without the authentication of a notary(holographic will), it can be more easily contested by the heirs. If they have proof of this, they can call it a forged will. In this case, it may be necessary to call in a graphologist expert to certify the authenticity of falsity of the handwriting. Our experts and lawyers can help with all your legal procedures.

- PROVING THE FALSIFICATION OF A HANDWRITING
- PROVING AUTHENTICITY
- GRAPHOLOGICAL EXPERTISE
- ETC...

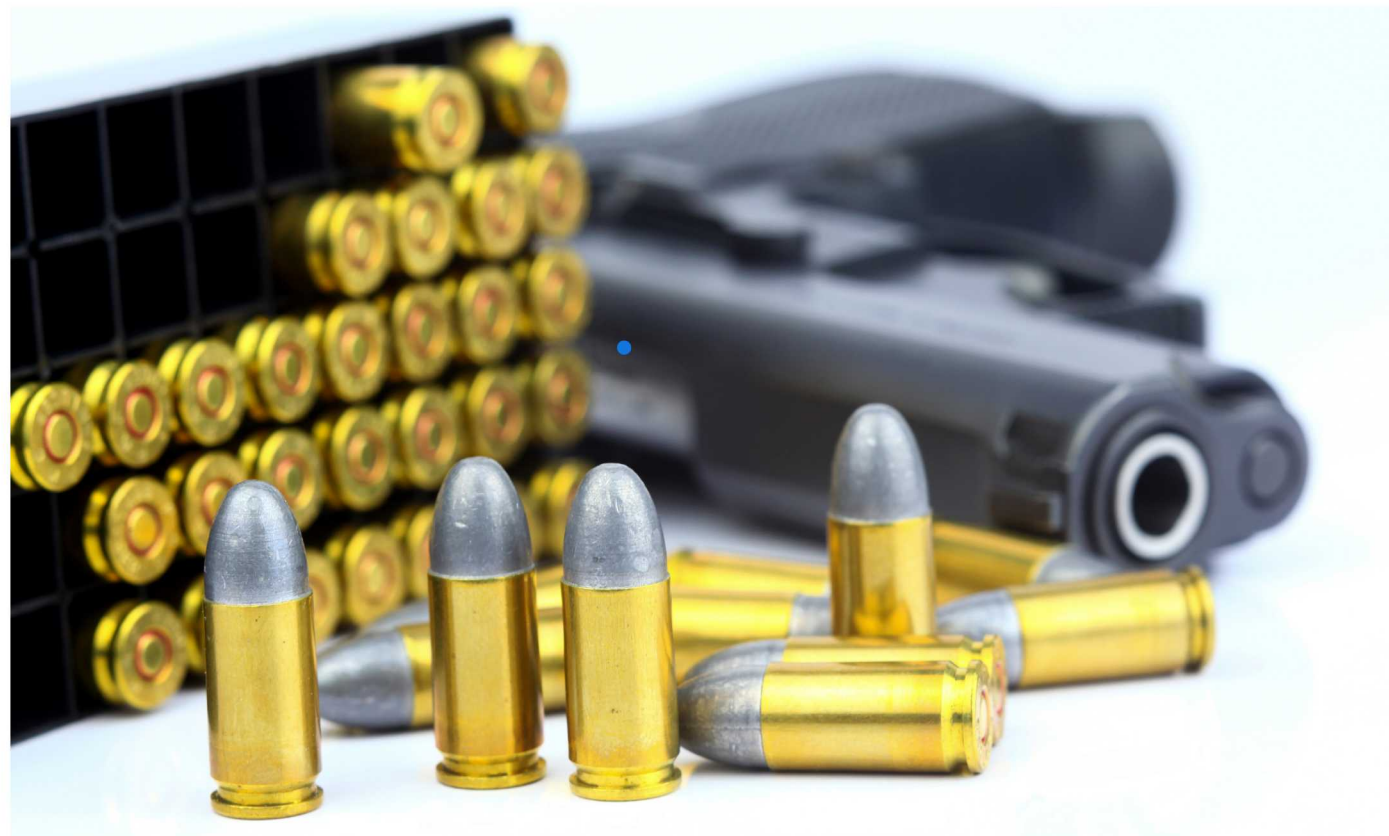

BALLISTICS

Ballistic expertise plays an essential role in forensic science and criminal investigation because it makes it possible to determine the type of firearm used in a crime by analyzing projectiles and cartridge cases. This information helps to link a specific weapon to a given crime.

Our ballistic expertise enables us to examine the ammunitions recovered from a crime scene, to determine their caliber, brand, and reconstruct the bullets' trajectory from the impact observed on surfaces or objects, which is crucial to understanding how a crime was committed. By analyzing gunshot leftover and other indicators, our experts can determine the distance between the weapon and the target at the time of firing, which can have important implications for criminal cases.

- DETERMINING THE TYPE OF WEAPON USED
- DEFINE THE SHOOTER'S POSITION
- THE NUMBER OF SHOTS FIRED
- DETERMINE THE TRAJECTORY OF THE SHOT
- ETC.....

CONSULTING AND AUDITING

CENTURION offers you a complete audit of your current and future projects. It's carried out by professionals, each a specialist in his own field of expertise, and to be effective, it must be applied at the most basic levels.

In the context of a legal case requiring technical assistance at the scene of the case, for a situation or a legal reconstruction, **CENTURION OFFICE** offers to intervene anywhere in Africa, by implementing technical specific means, carrying out technical actions directly at the request of the lawyer or a party with procedural formalization. Our experts are fully equipped to handle the full spectrum of forensic science.

- AUDIT & TRAINING
- AUDIT & EQUIPMENT
- AUDIT & LABORATORY
- AUDIT & QUALITY
- EXPERTISE & CASE RESOLUTION
- WORKING ON CRIMINAL CASES
- FINANCIAL AUDITING
- DOCUMENTARY AUDITING
- ETC...

CRIME SCENE

Bringing experts to crime scene is essential, as the expert brings specific skills and technical knowledge that can greatly contribute in the investigation. We use scientific methods to analyze evidences. Our experts' training enables us to carry out in-depth examinations and obtain reliable results at a crime scene. We improve the quality of investigation and can differentiate between a correct resolution of a case and a suspect's acquittal due to insufficient evidence.

Our special skills ensure that evidences are efficiently collected, analysed and presented, and can be essential to justice.

- COLLECTING EVIDENCE
- DOCUMENTATION(DETAILED PHOTOGRAPHY, SKETCHES)
- PACKAGING AND LABELING
- COLLABORATION AND EXPERT REPORT
- ETC...

DNA

DNA forensics plays an important role in criminal cases, associating a suspect with a crime scene. Analysis of DNA traces found at the scene (blood, hair, tissue, etc.) can confirm the presence of an individual in a given location. Just as DNA can link a suspect in a crime, it can also help to exclude innocent people. If the DNA taken does not match that of a suspect, it can also reduce the chances of that person being involved.

Strong, objective evidence

Identification and analysis of DNA samples more objective. This can enhance the credibility of evidence in legal proceedings.

Thanks to cutting-edge technologies, our expertise makes it possible to re-examine evidence and solve unsolved cases, offering a new chance to identify guilty parties and to bring justice.

- IDENTIFICATION AND ANALYSIS OF DNA SAMPLES
- ESTABLISHING GENETIC LINKS BETWEEN INDIVIDUALS
- IDENTIFYING SUSPECTS OR CONFIRMING UNKNOWN IDENTITIES
- CONFIRMING PATERNITY TESTS
- DATA SECURITY AND CONFIDENTIALITY
- INTERPRETATION AND REPORT
- ETC...

FINANCIAL EXPERTISE

We know that financial expertise and auditing are vital to the management of your copagnies, the resolution of disputes and personal financial planning.

Based on this experience, our experts analyses economique and financial data to help you take informed investment and spending decisions, and we help you asses the value of a company in the context of merging and acquisitions, financing or litigation.

- APPLYING AUDITING TECHNIQUES
- IN-DEPTH INVESTIGATION
- FINANCIAL MONITORING
- TRANSACTION ANALYSIS
